I may mention that the right of fixing the postage rests with your Excellency in Council and it is therefore a recommendation so far as this Council is concerned. HIS EXCELLENCY—The difficulty about this report (16th Dec.) is that there are two distinct matters mixed up in it, the question of the reduction of postage and that of the public works extraordinary, items 32 to 38. The Acting Attorney General, who at a previous stage had laid on the table the report of the Law Committee approving the Bill entitled an Ordinance to provide for and regulate a Pension Fund for widows and children of Public Officers of the colony, now moved that the Bill be read a third time. In doing so he said— When I moved the second reading of this Bill considered advisable, instead of referring it to the Committee of the whole Council to refer it

have made only a few verbal alterations, my report has been presented, and under clause 41 of the Standing Orders if no member objects I move that the Bill be now read a third time. The ACTING COLONIAL SECRETARY seconded Hon, T. H. submitted. I think it would be well that this fund should be under the invisition of the Supreme Court. From what I can observe it seems to be entirely at the disposal of the Governor. I think it should be vested in trustees. and that these trustees should be under the jurisdiction of the Supreme Court. The ACTING ATTORNEY GENERAL-The trustons will be under the jurisdiction of the Sapreme Court to a great extent. Everybody is under the jurdisdiction of the Supreme Court But if there is any objection, of course the Bill

cannot be read a third time to day. The management of the fund is placed in the hands of trustees, and it is provided that their nots and decisions may be revised and modified by the Governor in Council, whose decision shall be final. But if the trustees go against the provisions of the Ordinance or commit any breach of their duty, of course they would be under the jurisdiction of the Supreme Court, as we all are. HIS EXCELLENCY-I may inform the hon members that a similar law exists in most of the colonies in which I have been. I may particularly refer to Jamaica. I happened to come scross the Directory the other day in which particulars connected with this fund are given, and there the fund is in the bands of certain trustees, in all I can say is the fund in that colony stands at the present time in a very presperous position. I have no doubt the hon, member can refer to the Directory to which I have referred, but i not I will be happy to point it out to him. I understand the hon gentleman to say he withdraws his objection.

Hon: T. H. WHITEHEAD-Yes I withdraw. The Bill was then read a third time and passed. THE ADDREDUM TO THE PINANCE COM-MITTEE'S REPORT.
